WORKING TOGETHER, PRODUCE MARVELOUS RESULTS

Hood's Sarsaparilla and Pepton Pills as a Course of Treatment

For instance, Hood's Sarsaparilla, the standard blood purifier, is recommended for conditions that are serious or dependent on impure blood.

Pepton Pills, the new pepton, nux and iron tonic, are recommended for conditions that are radically or characteristically anemic and nervous.

Many persons suffer from a combination of these conditions. They are afflicted with swellings of the glands, blemishes on the neck, cutaneous eruptions, and sores on different parts of the body, limbs and face, and are besides pale and nervous.

If these patients take both Hood's Sarsaparilla and Pepton Pills, they are reasonably sure to derive fourfold benefit. Two hundred doses \$2.

ACCUSED OF MURDER; APPEALS FOR VOTES

Missouri Man Charged with Wife Murder Wants Trial Before Election.

St. Joseph, Mo., Oct. 21.—Charged with wife murder, County Prosecutor Oscar McDaniel is nightly carrying his case before the people before his trial gets underway.

"I hope there is no one among the audience who believes Crawford township would produce such a character as I have been painted by the gossips," the accused man told an audience of home folks at Wallace.

McDaniel outlined the history of his life, dwelling upon the years with his wife.

"When I was going to St. Joseph high school I loved her," he said. "Later we were married and were very happy. I have three children of school age. I crave that their father may have such a name hereafter that they may not be pointed at as children of one unworthy."

"I crave re-election to the office I now hold. Unless I can depend on the gray matter in your brains to base your opinions on facts, the name of a son of Crawford township may be dragged in the dust and humiliated."

McDaniel fears adjournment until Monday may make it impossible to get a verdict before election. The court, however, said that a jury could be obtained in three days and the case heard in a week. Judge Ryan promised, if necessary, to hold night sessions, so the accused prosecutor may have a chance to clear himself before he asks re-election Nov. 7.

Man Leaps on President's Auto in Streets of Pittsburgh

THROWN FROM RUNNING BOARD

President and Mrs. Wilson Show Coolness—Man Captured After Race

Pittsburgh, Pa., Oct. 21.—During the president's ride about Pittsburgh yesterday a man carrying a black satchel made determined efforts to jump on the running board of the president's car. He was finally overpowered and hustled off to a station house by policemen.

At the station the man gave the name of Richard Cullen. He is a Pittsburgher, 22 years old. When questioned, he said that he was dissatisfied with the president's handling of European affairs, but did not admit that he intended to attack the president.

In the satchel, the police say, was found a long bladed knife and several bullets. The clasp of the satchel was unfastened.

After examining the prisoner the police expressed the belief that Cullen is insane and decided to hold him for investigation.

His conversation at first was quiet in tone, but soon became bitter and he roundly denounced the president's policies.

The attempted attack occurred in the heart of the city, at Fifth avenue and Smithfield street. The crowd there was dense and the president's automobile was forced to move slowly.

Cullen leaped on the running board and tried to clamber over the door. He was grabbed by a secret service man who was riding with the president and pushed into the street. Jumping up quickly, he caught the automobile and renewed his efforts. Forced backward by those in the car and pulled by persons in the crowd, he fell down.

Before several who jumped forward could throw themselves upon him, Cullen was up and off like a shot. City detectives headed him off when he had run nearly half a block. Still holding tightly to the satchel, now gaping wide, he submitted quietly to arrest.

The president, Mrs. Wilson, Democratic State Chairman Joseph F. Guffey and two secret service men were in the president's car. While the president's bodyguard twice threw Cullen from the running board the president remained very calm.

Mrs. Wilson shared his apparent confidence that the secret service men would take care of the would-be assassin.

The crowd seemed slow to grasp the situation. President Wilson received a great reception from the residents of the Smoky city. He was met at the train by a tremendous crowd and his route uptown was marked by continuous demonstrations.

William J. Bryan met the president at the train and shook hands with him for the first time in months. Bryan rode with the president in his automobile trip through the parks. The meeting of the president and his former secretary of state was unexpected. Bryan, en route to Johnston, reached here from the West 40 minutes late and missed his train.

President Wilson returning home is happy as a result of the Chicago visit.

"The greatest yet," Secretary Tumulty said with unrestrained enthusiasm. "An ovation from start to finish. The women in this part of the country want the president returned to office," was the message sent out to Democratic headquarters east and west.

DUKE OF CONNAUGHT SAFE IN ENGLAND

Retired Governor General of Canada Crosses the Ocean with Family.

London, Oct. 21.—The duke of Connaught, the retired governor general of Canada, has arrived in England. A Halifax despatch on Oct. 16 reported the duke of Connaught, accompanied by the duchess and their daughter, Princess Patricia, at sea on an unnamed cruiser on their way from Halifax to England, after having left Ottawa on Oct. 11.

HOLLAND'S APPEAL TO US

Wants United States to Stop Submarine Warfare Off These Shores.

Amsterdam, via London, Oct. 21.—A demand for the stoppage of submarine warfare coupled with an appeal to the United States to take the initiative toward that end, is voiced by the Telegraaf. The Telegraaf says: "Ten days have elapsed since the submarine war was carried to the door of America and nothing has been done. Are we to understand that our ships are allowed to be torpedoed right on the American coast? We say in all frankness to America that submarine war must be stopped and Germany must be told that mistakes, which all the world knows are no mistakes, will no longer be tolerated. Let America speak the redeeming word lest she rise deeply in the future having neglected a task plainly to be expected from the mightiest neutral."

An official communication published yesterday in the Nord Deutsche Allgemeine Zeitung says in view of the Norwegian declaration with regard to submarines: "It must be observed that the ordinance evidently is directed only against Germany and thus is incompatible with the spirit of true neutrality. Consequently the German minister at Christiania has been instructed to protest energetically against the action of the Norwegian government."

BREAK A CHILD'S COLD BY GIVING SYRUP OF FIGS

Cleanses the Little Liver and Bowels and They Get Well Quick

When your child suffers from a cold, don't wait; give the little stomach, liver and bowels a gentle, thorough cleansing at once. When cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

If your child coughs, snuffles and has caught cold or is feverish or has a sore throat, give a good dose of "California Syrup of Figs" to evacuate the bowels, no difference what other treatment is given.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given to-day saves a sick child to-morrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company."—Adv.

BISHOP CALLS FOOTBALL SPIRITUAL

Lawrence Tells Episcopalians Character Means the Development of Christianity.

St. Louis, Mo., Oct. 21.—Development of individual character means the development of Christianity, Rev. William Lawrence, bishop of Massachusetts, told delegates to the general convention of the Protestant Episcopal church here yesterday.

"A friend of mine called football the most spiritual game because it develops discipline, self-restraint and character," he said. "All of these make for religion."

Bishop Lawrence spoke at a joint meeting of the two houses of the convention in the interest of organization for the work of religious education. He urged modernization of the Sunday schools.

"We can accomplish nothing by having our children step from secular schools to 15th century Sunday schools," he said.

Speaking of religion in the public schools, Bishop Lawrence said:

"I hold, a child can get religion in the home, on the public playground—anywhere he can get growth of character."

Robert H. Gardiner of Gardiner, Me., reviewed the work of the general board of religious education of the church.

A proposal to permit Jews, who have become communicants of the church, to retain certain of their racial customs and feast days was on the house of deputies' calendar for discussion yesterday.

Discussion of the proposed revision and enrichment of the book of common prayer has been halted temporarily, pending action on the proposals by the house of bishops.

TROOPS WILL BE KEPT AT BORDER INDEFINITELY

Washington Awaits the Decision of the Joint Board of Peace.

Washington, D. C., Oct. 21.—No further important movement of border troops is contemplated by the war department until after the American-Mexican peace commission at Atlantic City reaches a decision, it was learned yesterday.

If this is satisfactory, the troops, it is said, will return in a body. Otherwise all will probably be left at their present border stations.

If a satisfactory patrol plan is arranged by the peace conference, then the war department intends to withdraw Gen. Pershing's column and leave the policing to the regular army, it was indicated.

In a short time the full militia quota will have been border service, as all orders for such duty have now been issued.

BLAME DOGS FOR EPIDEMIC

Montreal Acting on Theory That They Are to Blame for Paralysis Outbreak.

Montreal, Oct. 21.—Acting upon the theory that infantile paralysis was spread by dogs shown in an exhibition three weeks ago, the authorities of Westmount have issued orders that every cat or dog belonging to a family that has had the disease shall be destroyed at once. New York dogs were exhibited in the competition and the suggestion has been made that they were the medium through which the disease was spread. Two cases of paralysis have developed in Westmount in families whose dogs were in the show.

The medical officer of Montreal, Dr. S. Boucher, has advised the school commissions of the greater city to exclude all residents of Westmount, children or adults, from the Montreal schools.
